Suspect case of COVID 19 infection (student residing in IISc hostel)

S/A Flu clinic, HC

Referred to identified COVID centers

Identification of the containment zone will be done by BBMP\*\*\*

Contact Tracing will be done by BBMP and HC will aide them (contact tracing app and Go corona go app) will be used

Admitted in COVID care Hospitals as per BBMP rules.\*\*

Primary contact

Secondary contact

Symptomatic

Asymptomatic

14-day Home quarantine

Referred to COVID centers

14-day self-reporting period

14 days Home Quarantine^  
F/U with 14-day self-reporting

14-day Institutional Quarantine^^  
F/U with 14-day self-reporting

\*The patient will be admitted in the BBMP identified hospitals till the results of the swab test come if required. BBMP identified hospitals can be government and private hospitals according to availability of beds.

\*\*The patient will be admitted, treated and discharged according to protocols prevailing at the time of admission. The patient will have no control over where he is permitted to get admitted, when he is discharged, type of treatment being administered. In a rare scenario it is also possible that beds may not be available for admission of cases that require hospital support, due to increasing number of COVID cases in Bangalore.

\*\*\*The current BBMP protocol for containment area in case of COVID positive patient is sealing of the entire building in case of Independent house. In case of apartment building it will be the floor in which the COVID positive case resides plus the floor above and below. These protocols are subject to frequent change. We have to follow the prevailing BBMP recommendations.

^ Individuals with facilities in the house for quarantine like separate room will be permitted for Home quarantine and SOS swab testing

^^Those without facility in the house will be taken up for Institutional Quarantine and SOS swab testing. Institutional quarantine for boys will be in KRVH guest house and for girls in SGH.

***Please note that the recommendations followed by IISc will be according to prevailing Gok/BBMP protocol with no exceptions. Quarantine watch squad of BBMP will be tracking lapses in home /institutional quarantine and strict penal action will be taken if found to have not followed the quarantine rules.***
