Subject: 22 Aug 2020: Update on the COVID Situation

Dear Member of the Campus Community,

Hope you are doing well!

The update on the COVID situation since 12 Aug 2020 is that we have five new COVID patients:

Student living off-campus: 1

Permanent and temporary employees living off-campus: 2

Family member of employee living off-campus: 1

Family member of pensioner: 1

The respective departments were informed and the protocol for tracing the contacts has been implemented.

Unfortunately, a pensioner, who was in a hospital undergoing treatment for COVID, passed away on 20 August 2020. We offer our heartfelt condolences to the family.

Stay safe and healthy!

Thanks
Regards
Hari
